Balcony Update

After many delays over the last five months we have recently received a letter from the Architectural Consultant, Nick Jackson, who we had commissioned to supply the elevation drawings required for him to apply for Planning Permission on our behalf.

The letter stated that due to his current work load he would not be able to proceed with the Clubs Planning Application as detailed in his quotation of 18th January 2010.

On Tuesday 1st June, Rear Commodore House, Tony Bond and Club Manager, Lynne Fisher met with Mike Derry of MTA Architects and Andrew Heard of CASE Consultants to move this project on as quickly as possible. It was a very positive meeting and MTA have undertaken to supply the necessary architects drawings and proceed with the Planning Permission Application without delay.

We apologise to all our members that the project has not moved on quickly enough and the balcony may not be finished this summer, unfortunately some things are out of our control, but never say never!
